NOVEMBER HIGHLIGHTS

Open Water Referral Course, Sidemount Diver Course, Drysuit Sales, Christmas Events

We are starting to shift gears and transition into our Winter programs! We still managed to fit in some training though!

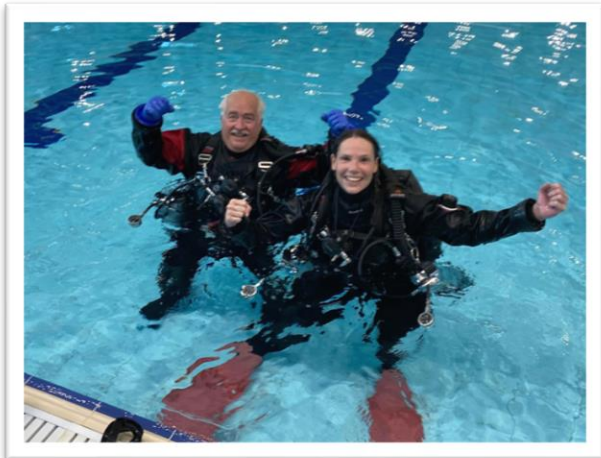

Divemasters Randal and Isabelle completed their Sidemount Diver course with instructor John, including some incredibly low visibility dives at New River Beach! Congratulations to both!!

A Fredericton family have an awesome trip planned and decided to get the whole family certified! They completed the Tropical Referral program which includes the theory and pool training. The dives will be down south. This is a great option for those looking to get certified this time of year!

This time of year is also very popular for divers switching to drysuits! We've had a few private sessions at the shop to measure and take orders. Lead times on suits are running 7 – 12 weeks. If you would like to dive dry before Spring, now is the time to order!

Joe and the commercial dive team have been busy preparing for Christmas parades and events! The COJO team earned 2nd prize at the Woodstock parade with their awesome gingerbread house! Last weekend a Christmas party complete with kids, puppies and karaoke kept all entertained!

New drysuit sales with COJO include a Drysuit Orientation course complete with an in-water session. Contact us for more info and extend your dive season!
